

HOTEL CAR PARK REGULATIONS

AC Hotel by Marriott Krakow

§ 1

These Regulations set out the terms and conditions governing the use of the paid, unattended hotel car park (hereinafter referred to as the „Car Park”) managed by AC Hotel by Marriott Krakow (hereinafter referred to as the „Manager”).

A User of the Car Park shall mean any natural person actually using the Car Park, including the driver of a vehicle entering or exiting the Car Park or the owner of the vehicle.

A Parking Space shall mean a designated area within the Car Park intended for parking a vehicle.

§ 2

By entering the Car Park (collecting a parking ticket and passing through the entrance barrier), the User enters into a paid parking space rental agreement with the Manager under the terms and conditions set out in these Regulations.

The parking space rental agreement shall terminate upon the User's exit from the Car Park.

By entering the Car Park, each User acknowledges and accepts these Regulations and undertakes to comply with their provisions.

Users are entitled to park only in designated parking spaces, excluding spaces marked by the Manager as reserved.

Parking in spaces designated for persons with disabilities is permitted only for vehicles displaying a valid disabled parking permit, placed in a clearly visible position behind the vehicle's front windscreen, in accordance with applicable legal regulations.

§ 3

The Car Park is open 24 hours a day, 7 days a week.

The Manager reserves the exclusive right to determine the opening and closing times of the Car Park and may temporarily close the Car Park or modify its operating hours at its sole discretion.

§ 4

Within the Car Park:

- a) all drivers must comply with the provisions of the applicable Road Traffic Act and other relevant traffic regulations;
- b) parking outside designated parking spaces is prohibited;
- c) the maximum permitted speed is 10 km/h;
- d) vehicles transporting flammable, corrosive, explosive or other hazardous materials or substances posing a risk to persons or property are prohibited from entering the Car Park, unless prior written consent has been granted by the Manager;
- e) after parking, the vehicle must be immobilized, the engine switched off, lights turned off, windows, doors and luggage compartment securely closed; the User is also required to switch off any radio or audio equipment left in the vehicle;
- f) the User is solely responsible for securing the vehicle against theft.

§ 5

Entry to the Car Park is permitted upon collecting a parking ticket from the ticket dispenser located at the entrance barrier.

Before leaving the Car Park, the User shall pay the applicable parking fee at the Hotel Reception in accordance with the price list displayed on the Car Park premises.

These Regulations are publicly available and displayed in a visible location at the entrance to the Car Park.

§ 6

The User shall be liable for any damage caused to the Manager or to third parties within the Car Park premises.

§ 7

The Manager shall not be liable for any loss or damage resulting from force majeure, theft, destruction of or damage to vehicles parked in the Car Park, or to any property left inside such vehicles or forming part of their equipment.

The Manager shall not be liable for any road traffic incidents or damage involving vehicles or persons using the Car Park caused by other Users or third parties.

§ 8

In the event of a breach of these Regulations by the User, the Manager may terminate the parking space rental agreement with immediate effect and take any measures necessary to restore compliance with these Regulations, including removing the vehicle from the Car Park.

In the cases referred to in paragraph 1 above, the User shall bear all costs associated with the removal, securing and storage of the vehicle until it is collected.

The Manager is also entitled to remove a vehicle from the Car Park where an immediate and justified danger exists.

If the applicable parking fee is not paid, the Manager may take all necessary measures to document the conclusion of the parking space rental agreement and pursue payment in accordance with applicable law.

§ 9

Compliance with the parking space rental agreement and these Regulations may be monitored throughout the Car Park by persons authorized by the Manager.

Users are required to comply with the instructions issued by the persons referred to in paragraph 1 above.

§ 10

Any complaints or comments concerning the use of the Car Park should be submitted to the Reception Desk of AC Hotel by Marriott Krakow.
