

CONFERENCE

OFFER

IN THE HEART OF THE CITY

The Art Hotel is located barely within 30 minutes by car away from the Wrocław-Strachowice airport. As few as 10 minutes separate us from the main railway station, whereas the Wrocław Old Market Square, so bursting with life both day and night, can be found merely a few steps away. There's no better location in Wrocław than 20 Kielbaśnicza Street. Here, the whole city is just within your reach!

FOREVER ART'S

Where history entwines with modern arts, where the past and the present become one, our Art Hotel is hidden. A picturesque gallery of artistic passions unified with the magic of past ages, a gem of the city, indeed. We've given a new life to these two old tenements. Now it's an oasis of elegance and sophistication with such a cosy touch. Our walls give a delicate background for the paintings mastered by the high society of our local artists. And if you're attentive enough, you'll surely find a whole myriad of architectural details hidden deep amidst our interiors.

The image shows the exterior of the Art Hotel. A prominent red sign with the words "ART HOTEL" in white, bold, sans-serif capital letters is mounted above the entrance. Below the text are four white stars. The sign is partially framed by a modern glass and metal canopy structure. To the left, a historic brick building with a colorful tiled roof is visible. To the right, there are green plants and a security camera mounted on the wall.

ART HOTEL
