WELCOME TO CASTELL SON CLARET

If you visit Castell for an executive meeting, product presentation or your upcoming film and photo session, it feels like escaping the real world. Yet this piece of Mallorcan paradise is very well connected. Castell Son Claret is located just outside the village of Calvià in the west of the island, 32 km from Palma International Airport (PMI). The capital Palma can be reached in 30 minutes, and it takes only 20 minutes to get to one of the many beautiful beaches where you can tip your toes in the crystal clear sea. Or, if you feel like exploring breath-taking mountains, the Serra de Tramuntana is a short stroll from the hotel away. Most of the suites and rooms 22 are situated in the main castle building, while further 21 can be found in the former stables, grouped around an ancient Arabic fountain and private patio. Many rooms have their own private garden or pool. Selected suites and rooms can be interconnected for families and larger parties.

Mallorca's central location in the Mediterranean means the island is blessed with a pleasant climate with more than 2.700 hours of sunshine a year. While you can expect average temperatures of 26°C between May and September, temperatures rarely drop beneath 13°C in early spring. Throughout the season, the unspoilt nature of the estate and its surroundings are waiting to be explored at Castell. Fragrant almond and olive groves, vibrant lemon and orange trees, gardens bursting with the scent of lavender, rosemary and bergamot can all be enjoyed at your leisure. The gardens form an integral part of the unique Castell experience. They inspire the culinary excellence that you'll find in our Mediterranean-influenced Olivera restaurant and our Michelin starred Sa Clastra Restaurant. Home-grown ingredients also play a leading role in our delicious seasonal cocktails, and in our beauty and spa treatments.

GASTRONOMY

With two fantastic Restaurants Olivera and Sa Clastra (Michelin star), Castell Son Claret offers a personal and exclusive culinary journey through the Mediterranean Sea. Give yourself the luxury of disconnecting in a true oasis of delight in Mallorca, discover this exclusive gastronomic experience and dive into an authentic culinary journey through the Mediterranean.

SA CLAISTRA RESTAURANT

Sa Clastra restaurant offers a unique culinary experience in Mallorca, awarded one Michelin star. Under the direction of Chef Jordi Cantó, the concept draws deep inspiration from the territory surrounding Castell Son Claret, the Tramuntana mountains, the estate's agricultural landscape, and the cultural history of the island.

Today, Sa Clastra is shaped around the concept of the 9 Winds, each one linked to a specific era, influence, or defining moment in Mallorca's history. The winds, which have traditionally shaped the island's character, agriculture, trade, and identity, become the guiding thread of a gastronomic journey connecting past and present.

Each wind represents a cultural and culinary current that has left its mark on the island, from Mediterranean influences to more distant exchanges. Through this narrative, Chef Jordi Cantó interprets local produce using contemporary techniques and a creative perspective that transcends borders, while remaining deeply rooted in the territory.

More than a menu, Sa Clastra offers a sensory journey where landscape, history, and cuisine engage in dialogue with every dish. An experience in constant movement, like the wind itself, honoring Mallorca's memory while projecting it into the future.

OLIVERA RESTAURANT

The Olivera team, led by Chef Jordi Cantó, presents a second, distinctly Mediterranean concept at Castell Son Claret, rooted in simplicity, seasonality and the estate's own produce. Inspired by the surrounding orchard, vegetable garden and the richness of the island, Olivera offers an honest, generous cuisine that celebrates Mallorca's culinary heritage through fresh, local ingredients and time-honoured techniques.

Reflecting the island's cultural and gastronomic legacy, the kitchen works with traditional flavours, aromatic herbs and spice blends shaped by centuries of Mediterranean exchange. These elements enhance fish sourced from nearby waters, as well as carefully selected meats and vegetables from trusted local farmers, creating dishes that are both authentic and contemporary.

Before sunrise each morning, the bakery ovens are already glowing, filling the air with the aroma of freshly baked bread and delicate pastries that grace the breakfast table. Olivera is the heart of the house, where the day begins with breakfast on the lavender-fringed terrace overlooking the pool and the rolling countryside, and concludes in a relaxed and convivial atmosphere over a candlelit Mediterranean dinner.

CASTELL WINERY

Within this culinary celebration, each dish unfolds like a composition of flavours, elevated by an exceptional wine selection designed to deepen the experience. At Castell Son Claret, wine is not simply about prestige or rarity, it is about origin, character and a genuine connection to the land.

Our sommelier curates a collection where every bottle has a story to tell. From small island producers to rare international finds, many labels come from limited productions and boutique wineries, carefully chosen for their authenticity and distinctive personality.

What makes the experience truly meaningful is that a large part of the cellar is sourced from vineyards committed to organic and responsible practices. These wines, shaped by respect for nature, pair harmoniously with ingredients harvested from our own gardens and surrounding estate. With every glass, guests discover not only remarkable craftsmanship, but also a shared philosophy rooted in sustainability, integrity and a deep appreciation for place.

CASTELL BAKERY

At Castell Son Claret, this dedication extends beyond the bar. We have a deep appreciation for the flavour and aroma of freshly baked bread, brought to life each day by our master baker. His craft reflects a direct connection to family tradition and a genuine love for the art of baking.

Working with local ingredients and time-honoured techniques, our bakery honours the land while helping to reduce our environmental footprint. Every bite celebrates a connection to community, to nature and to a more conscious way of living. In each piece, you will find passion, authenticity and a true sense of environmental responsibility.

CASTELL BAR

Castell Bar is a place where inspiration flows directly from nature. At the heart of our philosophy lies the “zero-kilometre cocktail” concept, with many of the ingredients that shape our creations sourced straight from the castle’s gardens or carefully grown in the surrounding estate.

Each cocktail becomes a sensory journey, immersing guests in the essence of the land and in our commitment to preserving it.

EXCLUSIVITY

For corporate events, product presentations, or a film set we can offer exclusive access to the entire Castell, complete with all 43 suites and rooms, as well as all adjoining areas and gardens. While your guests enjoy complete freedom and privacy without any disturbance, you'll have the undivided attention of our staff, whenever you wish.

For all your culinary requirements, we can serve authentic Mediterranean dishes prepared in our Olivera restaurant. Whether you choose a lavish banquet or authentic Mediterranean favourites – our head chefs and their teams are at hand to create a mouth-watering experience.

The castle can be reserved exclusively for a minimum of two nights.
