2. Reservation

2.1 Online Reservation

2.1.1 When making an online Reservation, the Customer can search for the current available accommodation capacity in the Hotel according to the requirements entered by the Customer in the online reservation system of the Hotel/other Hotel reservation channel (booking, ...) (e.g. arrival date, departure date, room type, number of rooms, number of persons and age composition, etc.) located on the website of the Operator/other Hotel reservation channel (booking, ...) at the prices indicated directly in the online Reservation after the Customer has entered the requirements in the form located there.

2.1.2 When making an online Reservation, after selecting the basic requirements of the Customer (accommodation facility, arrival date, departure date, room type, number of rooms, number of persons and age composition, additional services, etc.), the Customer fills in all the data required in the form.

2.1.4 When booking online, the Customer shall pay the price of the Services reserved by the Customer by online payment).

The Operator reserves the right to extend or restrict individual online payment methods for online reservations in relation to individual dates or individual hotels. The Customer is informed about the online payment options directly on the website through which he/she makes the online Reservation, after filling in all the required data and before paying for the Services booked and confirming the order with the obligation to pay.

2.1.5 Once all the required details have been filled in the online form and the online payment has been made, a “reservation confirmation” document will be sent immediately to the email address provided by the Customer at the time of reservation with the Reservation reference number and basic information regarding the guest’s Reservation.

2.1.6 The Reservation number serves as a contact number for any further actions related to the reservation by the Customer. The Customer is obliged to keep the Reservation number safely and to have it available in case of need.

2.3 Offline Reservation

2.3.1 Offline Email Reservation

2.3.1.1 For offline email Reservation, the Customer has the option to contact the Operator by email to the email address published on the Operator’s website in order to obtain a quotation for the Services selected by the Customer.

2.3.1.2 In the email, the Customer is obliged to specify the basic requirements for the Services (Hotel, number of persons and age of children, number of rooms, type of room, date - date of arrival and date of departure, name and surname of the Customer, any other requirements of the Customer). Upon receipt of the Customer’s email enquiry, the Operator either contacts the Customer with a request to clarify the criteria sent by the Customer or to complete the necessary information, or in the case of a complex enquiry, the Operator sends the Customer a quotation for Services prepared according to the Customer’s requirements specified in the email to the Customer’s email address from which the Operator received the email enquiry for booking Services. The quotation may also be sent to another email address specified by the Customer in the email enquiry. For the avoidance of doubt, unless another email address is provided by the Customer, the quotation is always sent exclusively to the email address to which the email enquiry was delivered to the Operator. A Reservation made by the Customer in this way is a so-called non-binding Reservation.

2.3.1.3 The validity of the quotation is 24 hours from the moment of its creation by the

Operator and is a non-binding quotation, i.e. it does not constitute the Customer's right to the Services (capacity) and price selected by the Customer, unless otherwise agreed by the Parties.

2.3.1.4 If the Customer chooses one of the quotations sent by the Operator, he/she shall contact the Operator by email within 24 hours to confirm his/her interest, indicating the specific details of the stay and the conditions of the reserved Services (date of arrival and departure, type of room, number of rooms and their occupancy, number of participants and their age, catering services, etc.). If, by the time the Customer's confirmation is received by the Operator, the possibility of reserving the Services selected by the Customer (capacity, etc.) ceases or a change in price occurs, the Operator shall send the Customer a new quotation, and if the Customer is not interested in the change, the communication between the Customer and the Operator, as well as the request and the quotation, shall be terminated, without the Customer being entitled to any financial or non-financial compensation or damages. If in the meantime the Services selected by the Customer have been paid for, the Operator shall reimburse the Customer for the amount paid by the Customer within 14 days from the date of termination of the enquiry and the offer, by means of a cashless bank transfer to the Customer's bank account from which the payment was made. If the services selected by the Customer and/or their price are up to date and valid by the time of delivery of the confirmation of the Customer's interest to the Operator, or if the Customer, in the event that these have changed, also expresses interest in the changed services and/or price, the Operator shall send the Customer by email a "pre-reservation information" document containing details of the services selected by the Customer, the Customer's name and surname, the booking number, the arrival and departure date, the Hotel, the room type, the number of guests and their age, the price of the stay, information on what is included in the price of the stay, payment terms, cancellation terms, etc.).

2.3.1.5 The basis for the payment of the ordered and confirmed Services is the PI (prepayment invoice), which contains the variable symbol and the due date. If the correct payment identifier number is not provided, the Operator cannot assign the Customer's payment, and therefore the payment made in this way is considered to be unrealised. In the event of non-payment of the price duly and on time (in the correct amount with the correct payment identifier and within the due date), the provisional booking is cancelled by the Operator and the Customer's right to the provisional booking is terminated and the Customer is notified by email of the cancellation of the provisional booking, without the Customer being entitled to any financial or non-financial reimbursement or compensation for damages.

2.3.1.6 Upon payment of the services selected by the Customer, a "Reservation confirmation" is sent to the Customer by email.

2.3.2 Offline Telephone Reservation

2.3.2.1 For offline telephone Reservation, the Customer can contact the Operator by telephone at the telephone numbers published on the Hotel's website www.mikulasskachata.sk, at times specified by the Operator and published on the

Operator's website, in order to obtain a quotation for the Services selected by the Customer. 2.3.2.2 The provisions of clauses 2.3, 1.2 to 2.3.1.7 of these GTC apply mutatis mutandis to the offline telephone Reservation procedure. 2.3.2.4 If the Customer does not have an email address, the Operator shall agree with the Customer on the method of communication and delivery of documents individually.

2.4 Common Provisions for Reservations

2.4.1 By making a reservation, the Customer declares and is responsible for the fact that he/she is an adult (18 years of age or older) and is legally capable of performing legal acts, i.e. is capable of acquiring rights and assuming obligations on his/her own behalf.

2.4.2 The contractual relationship between the Operator and the Customer is established when the Customer receives a "Reservation confirmation" from the Operator.

2.4.3 Until the moment of "Reservation confirmation" to the Customer, the Customer's Reservation is not binding for any of the parties (neither for the Customer nor for the Operator) and the Customer does not have the right to reserve the requested capacity (hotel, room type, number of persons, number of rooms, etc.) or the right to the price of the Services stated in the quotation, i.e. it is a so-called non-binding reservation. The reservation becomes binding only when the funds are credited to the Operator's bank account in accordance with clause 2.4.5 of these GTC and the Reservation is "confirmed".

2.4.4 An email message shall be deemed to have been received at 09:00 on the day following the day on which it is sent unless a message stating that delivery is impossible is received by the sending party within that period. If the Customer does not receive an email message containing the "Reservation confirmation" document within 5 working days of payment of the price of the services booked, the Customer is advised to contact the booking department of the Operator by telephone or email.

2.4.6 In the case of offline Reservations made by the Customer 7 days or less before the arrival date, the Reservation of Services can only be made if the capacity and operational possibilities of the Operator allow it. The Operator reserves the right to shorten the due date of the Services selected by the Customer, of which the Operator shall inform the Customer.

2.4.7 When making a reservation, the Customer is obliged to specify the exact number of persons who are to be a participant in the reserved stay, in the case of children under the age of 18 also their age. The decisive moment for determining the age of children under 18 is the date of commencement of the stay. If the Customer making the reservation is not the participant of the stay, he/she is obliged to indicate the name and surname of the adult person, email address and telephone number for whose benefit the reservation will be made.

2.4.8 Upon confirmation of the Reservation, the Operator guarantees the Customer the type

of room specified in the “Reservation Confirmation” document. Should the operational or capacity require so, the Operator or Hotel reserves the right to provide the Customer or participants with the provision of Services in a room of the same or comparable standard as the type of room indicated in the “Reservation confirmation” document, without the Customer being obliged to pay the additional price of the accommodation Services.

2.4.9 In the event of a request from the Customer for a specific room assignment in the Hotel (e.g. specific room number, view, floor, orientation, etc.) within the same room type as stated in the “Reservation confirmation”, the Operator will comply with the request if the capacity and operational possibilities of the Hotel allow it.

The Customer is informed about the payment options directly on the website through which he/she makes the online Reservation, after filling in all the required data and before paying for the Services booked and confirming the order with the obligation to pay, or he/she is informed directly by the Operator's employee by email. For offline reservations, payment can be made by wire transfer or payment through a payment gateway, unless otherwise specified by the Operator. The Customer is obliged to comply with the method of payment specified by the Operator.

3.3 Bank charges associated with the payment of the price for the Services reserved by the Customer shall be borne in full by the Customer.

3.4 The Operator reserves the right to limit or exclude the possibility of offline payment (payment by wire transfer to the Operator's bank account) in cases specified by the Operator, which will be communicated to the Customer before confirming the order (Reservation) with the obligation to pay (e.g. in the case of promotional stays, when applying a discount, in the case of Last Minute stays, the use of the Promo Code, etc.).

3.5 The price for accommodation and related Services includes value added tax in accordance with the relevant legislation. However, the price does not include local tax, which the Customer is obliged to pay directly at the accommodation facility according to the local tax rates applicable under the relevant legislation at the time of the Customer's stay.

3.6 The bill for Services (tax receipt) is issued to the Customer on the day of departure directly at the Hotel reception. 4. Reservation Changes, Non-Arrival, Early Departure, Cancellation, Cancellation Policy

4.1 Reservation Changes

4.1.1 Any changes to the Reservation (change of dates, change of number of persons or age categories, change of the scope of the reserved Services - limitation or extension, etc.) are only possible after confirmation of the Reservation if the operational and/or capacity possibilities allow it. The Customer has no legal right to make changes to the Reservation after the Reservation has been confirmed.

4.1.2 The Customer can request a change of the booked accommodation and related Services by email via the booking department of the Operator.

4.1.3 If the Customer requests a change to a confirmed Reservation that cannot be accommodated for capacity or other operational reasons on the Operator's side, the Operator shall not be obliged to accommodate the Customer's request for a change to a confirmed reservation and the Operator shall have the right to refuse the Customer's request, without the Customer being entitled to any compensation or any other financial or non-financial consideration from the Operator.

4.1.4 The Operator reserves the right to individually assess the Customer's request to change the date of the booked Services, exclusively under the conditions set by the Operator, which the Operator shall inform the Customer about after the Customer's request to change the date of the booked services and before confirming the change of the date of the booked services on the basis of the Customer's request. In the event of a change in the date of a confirmed Reservation (booked Services), the terms and conditions set by the Operator (in particular the cancellation terms and conditions) shall prevail over the provisions of these terms and conditions, of which the Operator shall inform the Customer prior to confirming the change in the date of the booked Services. Changing the date of a confirmed Reservation is only possible until the date of the Operator's entitlement to a cancellation fee under these GTC, provided that the capacity and operational possibilities of the Operator and the Hotel allow it. In this case, the original Reservation confirmation will be cancelled. The price paid by the Customer for previously booked and confirmed Services shall be deemed to be partial

payment for the new, changed and booked Services. In the event that in connection with the Customer's request for a change of the date of the booked Services, the Customer is obliged to pay the difference in the price of the Services on the changed date compared to the originally booked date to the Operator by a non-cash bank transfer to the bank account of the Operator and in the manner specified in the Reservation confirmation sent to the Customer by email to the email address provided by the Customer at the time of making the original Reservation. Only after the Customer has paid the additional payment is the Customer's Reservation confirmed, and only at this point does the Customer have the right to the provision of the Services booked by him/her on the changed date. In the event that there is no increase in the original price paid by the Customer in connection with the granting of the Customer's request to change the date of the booked Services, the price of the services previously paid by the Customer shall be deemed to be the price of the Services on the changed date. Changing the date of the booked Services is not possible after the date specified in the third sentence of this point of the terms and conditions before the confirmation of the change of the date of the booked Services. Changing the date of a confirmed Reservation is only possible until the date of the Operator's entitlement to a cancellation fee under these GTC, provided that the capacity and operational possibilities of the Operator and the Hotel allow it. In this case, the original booking confirmation is cancelled and the price paid by the Customer for the previously booked Services is considered as payment (partial payment) for the new, changed booked Services. In the event that in connection with the Customer's request for a change of the date of the booked Services, the Customer is obliged to pay the difference in the price of the Services on the changed date compared to the originally booked date to the Operator by a non-cash bank transfer to the bank account of the Operator and in the manner specified in the Reservation confirmation to the Customer by email to the email address provided by the Customer at the time of making the original Reservation. Only after the Customer has paid the additional payment the new Reservation can be confirmed, and only at this point does the Customer have the right to the provision of the booked Services on the changed date. In the event that there is no increase in the original price paid by the Customer in connection with the granting of the Customer's request to change the date of the booked Services, the price of the services previously paid by the Customer shall be deemed to be the price of the Services on the changed date. Changing the date of the booked Services is not possible after the date specified in the third sentence of this clause of the GTC.

4.1.5 The Operator reserves the right to individually assess the Customer's request for a change in the number of reserved beds, rooms or number of persons (participants of the stay), or a change of persons (change of participant of the stay), exclusively under the conditions set by the Operator, which the Operator informs the Customer about after the Customer's request for a change of the date of the booked Services and before the confirmation of the change of the date of the booked Services on the basis of the Customer's request. In the event of a change in the date of a confirmed Reservation (booked Services), the terms and conditions set by the Operator shall prevail over the provisions of these GTC, which the Operator shall inform the Customer of prior to confirming the change in the date of the booked Services. Changes to a confirmed reservation can only be made up to the day before the day of arrival, provided that the capacity and operational possibilities of the Operator and the Hotel allow it. The Customer has no legal right to such a change. In the event that in connection with the granting of the Customer's request for a change under this

point of the GTC the Customer is obliged to pay the difference in the price of the Services compared to the original price to the Operator in the manner specified in the original Reservation confirmation sent to the Customer by email to the email address provided by the Customer when making the original Reservation. Only after the Customer has paid the additional payment is the new Reservation confirmed to the Customer with the change and only at this moment the Customer is entitled to the provision of the Services booked in the changed scope. If the price originally paid by the Customer is not increased in connection with the granting of the Customer's request to change the scope of the booked Services, the price previously paid by the Customer shall be deemed to be the price of the Services in the changed scope.

4.1.6 The Operator reserves the right to individually assess and determine the validity of a Customer's request to change a confirmed Reservation for good reasons on the part of the Customer or the person who is to be a participant in the stay (e.g. accident, serious illness, death, etc.), and for the purpose of assessing such a Customer's request, the Customer must prove to the Operator the existence and duration of the good reasons (e.g. certificate of hospitalization, medical report, death certificate, etc.), without delay, but no later than 10 days from the date of the occurrence of such event. The Customer shall not be entitled to any change or any financial or non-financial compensation in these cases.

4.2.2 In the event of non-use of the booked Services for any reason on the part of the Customer or the person who is to be a participant in the stay, or without stating the reasons in full (early departure from the stay, late arrival date for the stay), the Customer is not entitled to any financial or non-financial compensation, compensation or damages.

4.2.3 The Operator reserves the right to individually assess and determine the validity of the Customer's request for compensation for non-arrival or non-use of the booked Services in their entirety for good reasons on the part of the Customer or the person who is to be a participant (e.g. for the purpose of assessing such a request, the Customer is obliged to prove to the Operator the existence and duration of the aforementioned good reasons (e.g. certificate of hospitalization, medical report, death certificate, etc.), without delay, but no later than 10 days from the date of occurrence of such an event. The Customer is not legally entitled to compensation in these cases.

4.3.9 In the event of cancellation or partial cancellation of the Reservation or in the event of non-arrival of the Customer or participants to the booked stay in the case of promotional stays, the Operator is entitled to a cancellation fee of 100% of the price of the ordered and confirmed Services.

4.3.10 For the application of the cancellation fee and the determination of its amount, the date of arrival at the stay (the day of arrival at the stay) indicated in the Reservation confirmation is decisive for the application of the cancellation fee.

4.3.11 In the event of cancellation or partial cancellation of the Reservation or non-arrival of the Customer or participants or any of them for the stay, the Operator shall send the Customer an email notification of the Operator's claim to the cancellation fee and its amount in accordance with these GTC within 14 days from the date of cancellation or partial cancellation of the Reservation or, in the case of non-arrival, from the date specified as the arrival date. By booking accommodation and related Services according to these GTC, the Customer agrees and acknowledges that the Operator is entitled to unilaterally set off the Customer's claim for a refund of the price paid by the Customer for the booked accommodation and related Services against the Operator's claim for a cancellation fee in the amount specified in these GTC in the event of cancellation or partial cancellation of the booking or non-arrival, namely in the amount of, to the extent that these claims overlap, while the amount exceeding the mutual claims of the Customer and the Operator in favour of the Customer shall be paid by the Operator to the Customer in the same manner as the payment for the booked accommodation and related Services was made by the Customer, depending on the form of payment chosen by the Customer when booking the stay, within 14 days from the day following the date of cancellation or partial cancellation of the Reservation or non-arrival. The bank charges associated with the refund shall be borne in full by the Customer.

4.3.12 The Operator reserves the right to individually assess the cancellation or partial cancellation of a Reservation by the Customer in the event of good reasons on the part of
