

MEARL

HOTEL ★★★★★

Imagine a place where time does not just pass, but breathes calmly. With the rhythm of ocean waves and the movement of birds' wings. A place where you can experience and fully embrace emotions.

Discover a space born from not only the needs of the heart, but a longing for true hospitality, inspired by an admiration for the craftsmanship of detail along with the harmony of nature. Your stay will become an experience.

Cross the threshold.
Enter the world of Mearl.

HARMONY OF NATURE AND ART

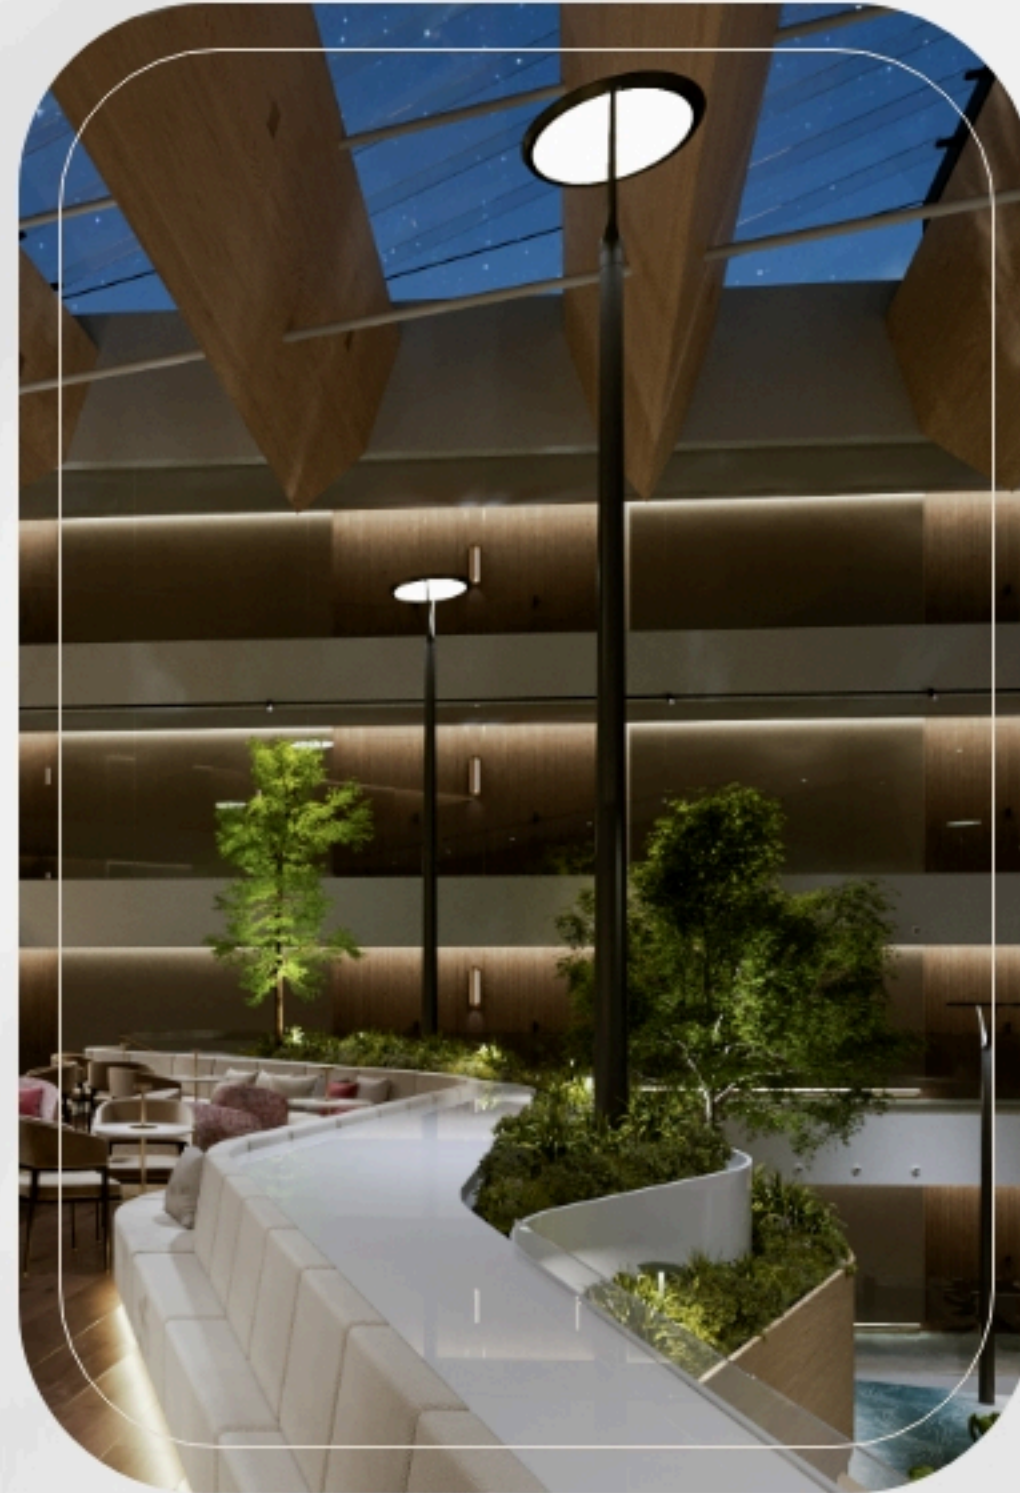

Architecture

At Mearl, the space will breathe with you - calmly and rhythmically. This is architecture inspired by the landscapes of seaside dunes, captivating in form and stirring the imagination.

The impressive lobby, spanning over 600 m², is at the heart of the property - a shared experiential space where its first impression will fulfill the promise of your entire stay.

The composition of the open mezzanine, the high glazing, the light shining through the interiors, all combine to create a sense of freedom and spaciousness.

Functional zones naturally flow into one another, forming a cohesive whole - a place for meetings, relaxation, and celebration of the moment.

A unique concept

The fusion of harmony, elegance, and refined hospitality, come together to create a new dimension of hotel experience in Poland.

Here, aesthetics are not merely a background setting, but an integral part of the hotel experience. The combination of the highest-quality materials, natural light and sound, all combine to build an atmosphere of calm tranquility, with elegance resonating through form and the nobility of detail.

Harmony in place
of excess

Quality rooted
in craftsmanship

Attentiveness
to every detail

Naturalness in form
and experience

Japanese SPA

Through the silence of Japanese rituals, we invite you to practice the art of mindfulness. Rediscover harmony born from simple, consciously experienced moments in an authentic Japanese SPA by the Baltic Sea.

Inspired by the culture of Japanese longevity, we combine our exclusive range of facial and body treatments with aromatherapy, light therapy, and a comprehensive approach to achieving inner balance. Ceremonies, rooted in the philosophy of mindful presence in the 'here and now', include manual massages which support regeneration, advanced skincare rituals, and programs enhancing skin condition and psychophysical well-being.

Wellness

Allow yourself to return to yourself - within a harmony of body, light, and breath.

The SPA complex is complemented by an extensive sauna area featuring a Finnish sauna, steam bath, salt cave, Russian banya, Kneipp path, icefall, and the Japanese ganbanyoku ritual.

The pool area, complete with hydro-massage features and a relaxation zone, encourages calm and deep regeneration, while the modern fitness space offers cardio and strength training, yoga, Pilates and stretching classes, as well as individual consultations with a personal trainer.

A culinary journey

Mearl's culinary concept encompasses diverse spaces designed to create complementary experiences throughout your entire stay. The concept was born from two seemingly distant desires: excellence and intimacy.

Here, gastronomy becomes the art of interpretation. And every Guest's wish becomes the beginning of a new culinary story.

À la carte restaurant

Wine cellar

French café

Japanese tea house

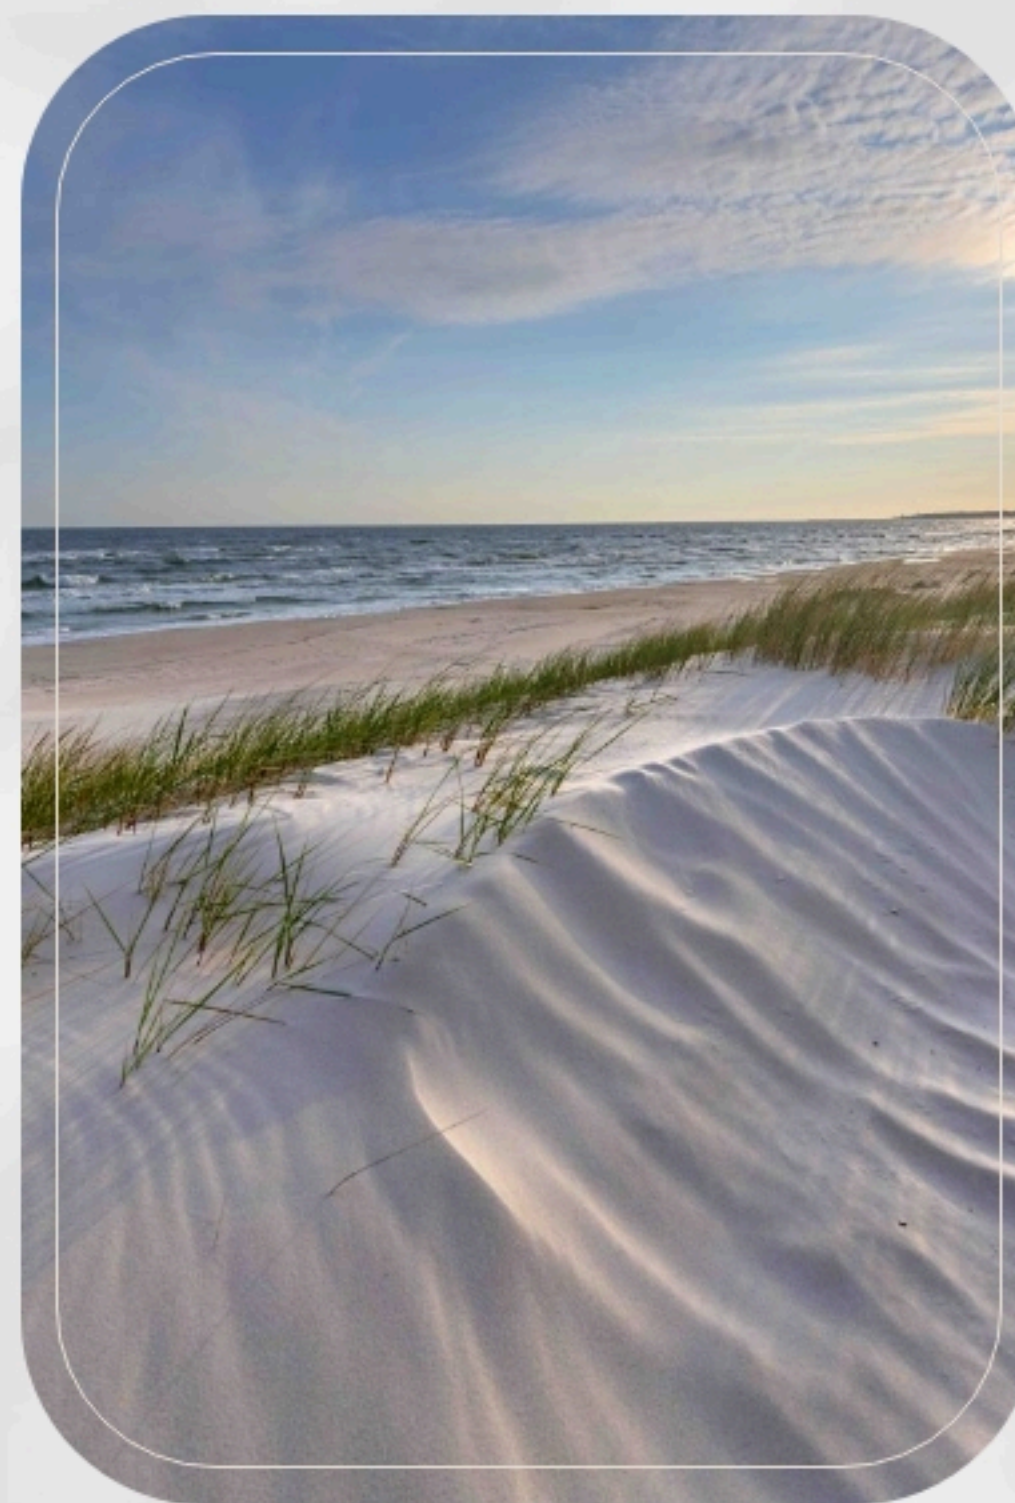

Night lounge

Sky bar

The essence of tranquility

For decades, visitors have been fascinated by the Baltic Sea, with its microclimate and unique atmosphere. The richness of natural iodine and the wide sandy beaches combine to create the most natural conditions for regeneration, conducive to year-round relaxation and tranquility.

Mearl's location directly on the beach in Kołobrzeg ensures utmost privacy with its immediate proximity to the sea. Here, the prestige of a quality seaside resort harmoniously blends with the sound of silence and a deep sense of boundless space.
