RESTAURANT AND CULINARY OFFER

Sierra Golf Resort offers comprehensive catering services based on its own restaurant, ensuring high quality, flexibility, and full consistency of the entire event. The culinary offer is an integral part of the resort experience and can be tailored to the nature of each meeting— from formal conferences to integration events.

Menu packages tailored to the event

We prepare various menu package proposals, including:

- ▶ **business breakfasts** — served or buffet style, ideal for starting the conference day
- ▶ **lunches** — light or more extensive, adapted to the intensity of the meeting schedule
- ▶ **dinners and banquets** — elegant business dinners, themed dinners, and corporate banquets, with the possibility of organizing a dinner overlooking the golf course

Menus are prepared individually, taking into account guests' preferences and available vegetarian, vegan, and special diet options.

Coffee breaks and bar offer

We offer various coffee break options — from classic to more extensive and premium — organized in conference rooms or common areas conducive to networking.

The offer is complemented by various open bar options, ideal for evening integrations, dinners, or special events. The scope and format of the open bar are individually tailored to the nature of the event.

ACCOMMODATION AT SIERRA GOLF RESORT

Sierra Golf Resort offers comfortable accommodation for up to 104 guests in modern, fully equipped bungalows located directly on the resort grounds. This is one of the key elements of the conference offer, enabling the organization of one-day and multi-day events in one cohesive location.

Accommodation for all participants on site significantly increases event comfort – eliminating the need for commuting, allowing better time management, and fostering relationship building and team integration.

The bungalows provide:

- *peace and privacy*
- *direct contact with nature and the resort's green surroundings*
- *comfortable conditions for rest after an intensive day of meetings*

Their intimate character perfectly reflects the philosophy of Sierra Golf Resort as a place created for conceptual work, strategic discussions, and regeneration in a calm, inspiring environment.

Ideal solution for multi-day events

- *seamless combination of the conference part with dinner and evening attractions*
- *organization of morning meetings, business breakfasts, or sports activities*
- *full participants focus on the event, without time or logistics pressure*

This solution is particularly appreciated during board meetings, strategic offsites, training sessions, and conferences combined with golf and integration

GOLF ATTRACTIONS

Golf is the natural and most prestigious element of Sierra Golf Resort's offer. It is an excellent integration tool combining sport, competition, and networking in a unique natural setting.

We offer:

- *golf academies for beginners – ideal as a first introduction to golf, led by experienced instructors*
- *individual and group lessons with coaches*
- *corporate golf tournaments tailored to participants' skill levels*
- *golf contests and team challenges*
- *possibility to organize golf events as the main program point or an addition to the conference*
- *golf cart rides around the course, allowing guests to explore the resort and course from a unique perspective*

Approximately 50–60 people can participate in golf activities simultaneously, and for larger events we prepare a rotation program enabling more participants to take part.

ADDITIONAL ATTRACTIONS

To diversify event programs and for smaller, more intimate meetings, we offer a wide range of non-golf attractions:

- *playroom ideal for evening integrations and smaller conferences: billiards, table football, and roulette area*
- *padel courts — a dynamic and increasingly popular form of team activity*
- *outdoor seasonal heated swimming pool — an ideal relaxation element after the business part*
- *sauna conducive to regeneration and relaxation*
- *outdoor barbecues surrounded by nature*
- *themed tastings (wine, whisky, regional cuisine)*
- *themed evenings and integration events*
- *cooperation with experienced event partners enabling additional activities*
